Dear GP Surgery,

I am a local resident and I would like to register at your GP surgery.  
Please provide me with a registration form.

As stated by NHS London on the “Pan-London Operating Principles for Primary Care” approach:

- **Anyone who is in the UK may receive NHS primary medical services at a GP practice.**
- **This includes asylum seekers and refugees, overseas visitors, students, people on work visas and those who are homeless.**
- **Practices can only refuse an application to join their list if the practice has “reasonable grounds for doing so that do not relate to the applicant’s race, gender, social class, age, religion, sexual orientation, appearance, disability or medical condition” (e.g. resides out of catchment area).**

Please use LANGUAGE LINE services in case of any language barriers. My native language is Spanish.

If I cannot be registered, please provide me with the reason in writing.
